Subject:	Supply chain Evaluation for Recycling Parts material: ALLUMINUM BARS ISO 14021
Date of assessment:	<b>17-12-2020</b>
Language of assessment:	<b>Italian</b>
Conclusion:	<i>The declaration of recycling Aluminum percentage on Aluminum Billets, at different Diameters from mm 100 to mm 250 for a bar length 6 mt, is a consistent consequence of transparent documentation of supply chain, quality processes, management requirements, quality structure and well organized supporting processes. DERAL issues for each delivery a document called "Self Declaration" in whom is specified the Product Identification and percentage that normally present a value at least 85%. All Product Identification is archived by DERAL for traceability.</i>
